Profile Information

A fast, accurate, creative, budget and timeline-minded video editor, with a wide range of experience in a multitude of genres and formats. In addition to editing, I am adept with After Effects and the entire suite of Adobe applications. I can handle graphics along with color correction. My roots are in creative writing, so I also bring strong story-telling skills to edits when necessary.

2016 - 2023

Fender MIC

Lead Video Editor

Edited and color corrected over 6000 5-25 minute long educational and promo videos for the digital streaming division of one of the world's largest guitar manufacturers. Exercised my well-honed time management skills to consistently deliver an effective, user-friendly product, on time and within budget, while under pressure to produce sometimes as many as 45 videos a month.

2021

Aglet
Los Angeles

Editor

Edited dozens of social media videos for the popular mobile social app for sneaker fans, including episodes of the webseries, "Metacurious: Mapping The Metaverse" (<https://tinyurl.com/2t9wcvmn>). Completed on a lower budget and very tight turnaround, these videos helped increase the social reach of the Aglet community, which has passed 3.5 million active users.

2015

Digital Reacharound
Los Angeles

Editor - "Freestyle 101: A Hip-Hop History"

Editor on this feature-length documentary chronicling the rich history of Hip-Hop Music. Reviewed and edited several hundred hours of raw interviews with some of the genre's most influential artists, as well as original b-roll, archival footage, and additional graphics, all of which I cut into the final documentary. facebook.com/freestyle101hiphophistory

2011 - 2014

NBC Universal
Los Angeles

Editor

Long-term freelance editor for both NBC Universal channels.
